Ohio Manatron Advisory Council and Users Group Update

Manatron held its 2nd annual Ohio Manatron User Group conference (OMUG) in Dublin, Ohio on May 14th. Thirty Ohio Counties were in attendance for the meeting. Many informative training sessions were held by Manatron personnel. In addition, we were fortunate enough to have presentations by some of our users and 3rd party vendors including Tracy Jemison, Geauga County Auditor – Preparing for Abstract; Jill Engle, Wood County Treasurer; Julie Stepp, Automated Business Machines – Remittance processing; and Wayne Wallace, Independent Contractor – Preparing for Conversion. Immediately following the OMUG conference we held the quarterly Ohio MVP Advisory Council (OMAC) meeting.

We enjoyed meeting with our clients to discuss and prioritize important issues. Feedback from the questionnaires has given us ideas and direction for next year's conference.

For more information regarding the OMUG or OMAC, please contact Debra Moore at 937.431.4000 or debra.moore@manatron.com.
